

Meeting the Financial Needs of the South Australian Public Sector

BORROWING FROM SAFA

The South Australian Government Financing Authority (SAFA) is the central financing authority of the State of South Australia and plays an integral role in the overall management of the State's finances.

SAFA has been providing competitive and cost effective lending services to South Australian public sector agencies for many years.

SAFA lends to the public sector within the confines of the Government Financing Authority Act 1982, and applicable approvals from the Treasurer of South Australia.

The following borrowing products are currently available to SAFA's clients:

- Overdraft
- Short term loans
- Interest only loans
- Credit foncier (principal and interest) loans

SAFA staff are available to provide advice regarding these products, in order to fulfil clients' individual borrowing requirements.
